

THE ARTS CENTER

Staff Profile: Gina Sabol

Dance instructor

Gina has always had a passion for dance. She was born and raised in Cortland, Ohio, where she was a competitive dancer at Studio L Dance Center for 14 years. There she competed in many styles of dance, as well as studied Cecchetti Ballet with Suzanne Zahnow.

In May 2015, Gina graduated cum laude with her Doctor of Pharmacy degree from the Ohio Northern University Raabe College of Pharmacy. Throughout college, she continued dancing, being a member of the Northern Stars Dance Team and performing in events at the Freed Center for the Performing Arts, including being a dancer in the ONU Holiday Spectacular Show and feature dancer in a performance by the River North Chicago Dance Company.

However, since 2011, her greatest dance involvement has definitely been the opportunity to share her talents by teaching and choreographing at The Arts Center. Over the past five years, she is honored that her work has won numerous overalls and special judges awards. Gina is now in her last months of completing a post-graduate pharmacy residency program, and as of July 2016, signed on as a clinical pharmacist at Lima Memorial Health System.

Gina is so grateful that even throughout her entire pharmacy journey, she has been able to remain so involved with the competition world she loves so much. She is excited that, since she is staying in the area, she will be able to stay together with her amazing Arts Center family.

Gina married Ryan Sabol on August 12, 2017.
